Tutoring

Tutoring after school hours can be recommended/requested by teachers and parents. Tutoring can be booked as add-on service (one-time, weekly, or monthly plan). Tutoring should not last longer than 45 minutes to one hour each day.

We recommend specifically designed 'Catch-up' tutoring for students who missed class-work and projects due to planned absences or prolonged illness as add-on service. In case your students' classroom teacher is not available for one-on-one tutoring lessons, the teacher will recommend another teacher in the school who will be available to tutor your child.
